Course Description:

The Advanced Public Information Officer Course provides participants the knowledge and skills to establish, manage and work within a joint information center (JIC) through multimedia lectures and individual and group activities. The training allows participants the opportunity to apply advanced public information skills during a multi-day functional exercise (FE) designed to test the participants' abilities to analyze, coordinate, process and create information in a fast-paced, realistic environment.

Through a tabletop exercise (TTX), participants evaluate their processes to help them generate new ideas, products, or ways of viewing challenges or situations as well as improve their processes ensuring every action has a measurable relevance for each identified audience, including senior leadership.

Course Goal:

Upon completion of the course, the participants will be able to:

- Review assigned JIC role for the Functional Exercise. (Unit 1)
- Apply current crisis communications methodologies to community audiences during an incident. (Unit 2)
- Analyze the characteristics of the changing American family and how the media and fear play a role in shaping communication goals and messages. (Unit 3)
- Conduct an analysis of personal and organizational disaster response readiness. (Unit 4)
- Relate the Incident Action Planning (IAP) process to the External Affairs 8-Step Strategic Communications Model. (Unit 5)
- Demonstrate the ability to work in a JIC by actively contributing to exercise tasks and products as specified in the exercise objectives through exercise play. (Unit 6)
- Write strategic communications plans in an all-hazards environment. (Unit 7)
- Complete a professional improvement plan. (Unit 8)
