

## Emergency Management Institute Announces Change in Baggage/Luggage Stipend Reimbursement under Incidental Travel Expenses

Effective February 3, 2020, Baggage and Luggage fees will no longer be accepted or covered under stipend reimbursement for incidental travel. This change in reimbursement practices is applicable to all students attending the Emergency Management Institute (EMI) at the National Emergency Training Center (NETC) in Emmitsburg, Maryland.

This change provides a consistent approach to NETC reimbursement practices for both EMI and the National Fire Academy. In addition, it will streamline the reimbursement process since students will be able to submit their requests for reimbursement immediately. The cost savings from this change will also allow EMI to offer additional on-campus courses or additional seats in existing courses.

The NETC student Welcome Package will be updated to reflect this change.

### **EMI Point of Contact:**
