<p>Subject Profile/Incident History: Ken Williams, 1015 Mesquite Street, (wm, 6'2", 190 lbs. brown/brown DOB 4/27/87) is a high school dropout whose girlfriend, Andrea Hillerman, recently broke up with him. Marsha Anderson (a friend of the girl) has told hostage negotiators that the reason for the breakup was that he was physically abusive to her. Andrea had gone to his parents' house, where he lives with his mother and father, to retrieve some of her belongings. No one else was home. Once inside, he took her hostage. She managed to call 911 on her cell phone and reported that he had "lots of guns and bomb stuff" and was threatening to kill himself and her. The call was broken off, and police have been unable to establish contact with her. Williams has no prior police record.</p>
