National Emergency Management Advanced Academy New Program Manager effective October 19, 2015

Purpose: To announce the change in the Program Manager for the National Emergency Management Advanced Academy program effective October 19, 2015.

The current Program Manager, Mark Magers, will be departing the Advanced Academy on October 19, 2015 and will transition the program to Douglas Kuhn of EMI's Mission Support Branch.

Questions: fema-empp-advanced-academy@fema.dhs.gov

The [EMPP Advanced Academy](#) web page provides information on the program and a detailed listing of the process is provided on the [EMPP Advanced Academy Application and Selection Process](#) web page.

Program Description: The [National Emergency Management Advanced Academy](#) is the first leadership and management component of the [Emergency Management Professional Program \(EMPP\)](#).

The Advanced Academy is designed for emerging leaders and mid-level managers wanting to advance their skillset. Students learn skills critical to performing leadership responsibilities such as program management and oversight, effective communication at all levels, integrated collaboration, and strategic thinking.

The National Emergency Management Advanced Academy reinforces the qualities needed to lead emergency management programs, provides relevant management theories and concepts, and utilizes appropriate case studies. By working as a class, Advanced Academy participants work within a collaborative environment on projects and establish a network of peers.

Target Audience: The Advanced Academy is designed for current and emerging leaders with at least three (3) years' of leadership experience in the Emergency Management (EM) community of practice. The training audience includes the whole community

Classroom Requirements: The Advanced Academy Program consists of four (4) resident courses, each **five (5) days** in length over an 18 month period. Attendance at each course is required and must be attended in sequential order E0451, E0452, E0453 and E0454.
