

Course: L0363 *Multi-Hazard Emergency Management for Higher Education*

2017 L0363 Host Application is posted
Deadline for applying to host 2017 offerings - August 19 2016

This Federal Emergency Management Agency (FEMA) Emergency Management Institution (EMI) course is designed to be delivered to **teams of higher education campus personnel and their emergency partners** who are responsible for creating, reviewing, implementing and exercising emergency operations plans (EOPs). The target audience for this course is people who have traditional response or strategic experience, but minimal experience in emergency management planning. The three-day course is primarily interactive presentations coupled with numerous individual and group activities and exercises.

Topics to be covered include:

- An overview of emergency management
- Identifying hazards and using a risk assessment process
- Managing your Emergency Operations Center (EOC) using ICS (Incident Command System)
- Partnering with your internal and external community
- Developing and/or revising your Emergency Operations Plan
- Training and testing your plan

For a successful L0363 delivery, a sufficient number of teams from different institutions and range of job positions within each team is needed. The target team size is 4-8 members. The composition of the participating campus team is decided by each institution attending and should be selected from these positions.

BULLETIN

Campus Staff and Personnel

Campus Administrators
Office of Emergency Management/Planning
Risk Manager

Due to the high demand for this training, an annual application process is used to select the host institutions each year. If your institution is interested in hosting this FREE training for your area, please go to the website at <http://training.fema.gov/hiedu/aemrc/eplanning/> to get more detailed information on hosting requirements and to complete an application. Applications will be accepted until August 19, 2016 for offerings to be scheduled in 2017. After all applications are received, they will be reviewed by a panel. All applicants will then be notified of the status of their application in the October 2016 timeframe.

EMI Point of Contact:
