Course Description:

The Master Exercise Practitioner Program (MEPP) is a series of two classroom courses (L0132, L0133) focusing on advanced program management, exercise design and evaluation practices in each phase of the Homeland Security Exercise and Evaluation Program (HSEEP). MEPP candidates work in a collaborative environment to discuss best practices and exercise challenges. Candidates will be required to complete a capstone exercise within one year of completing the E0133 course. This exercise should be on their agency/jurisdictions overall Training and Exercise Plan.

This offering is a partnership with CSEPP and Colorado Emergency Management. CSEPP unites FEMA, the U.S. Army, multiple Federal departments and agencies, two States, many local governments, volunteer organizations, and the private sector. Its mission is to enhance existing local, installation, tribal, State, and

Federal capabilities to protect the health and safety of the public, workforce, and environment from the effects of a chemical accident or incident involving the U.S. Army chemical stockpile.

Prerequisites:

- L/K0146 Homeland Security Exercise and Evaluation Program (HSEEP)
- IS-100.b Introduction to Incident Command System
