

Virtual Tabletop Exercise Program Fiscal Year 2023

Purpose:

Provide the Fiscal Year (FY) 2023 planned broadcast dates for Virtual Tabletop Exercises (VTTX).

General:

EMI conducts a series of VTTX using a virtual platform to reach community-based training audiences around the country and provide a virtual forum for disaster training. The VTTX process involves key personnel from the emergency management Community of Practice (CoP) reviewing a pre-packaged set of exercise materials and convening for a 4-hour tabletop exercise discussion of a simulated disaster scenario with a total of 10–15 other CoP groups participating.

The event allows the connected sites to assess current plans, policies, and procedures while learning from the other connected sites, as they provide their perspective and practice while exercising a similar situation. An internet connection is required to take part and will be broadcasted using Zoom; there is no cost for this program.

Exercise Goals:

The National Exercise Program (NEP) is a 2-year cycle of selected exercises across the Nation that examines and validates capabilities in all preparedness mission areas: Prevention, Protection, Mitigation, Response, and Recovery.

Aug 8-10, 2023	Cyber
Aug 29-31, 2023	Active Threat (Shooter) - School
Sept 12-14, 2023	IPAWS MCI Terrorist Event

Target Audience:

The VTTX program is designed for a “community-based” group (not individual participation) of at least five or more personnel from Federal, State, local, tribal and territorial (SLTT), Corporate/Industrial, Higher Learning/education-based facilities or Voluntary Organizations Active in Disaster (VOAD) emergency management organizations with representation from emergency management disciplines - public safety, public works, public health, health care, government, administrative, communications, military, private sector, non-governmental, and critical stress professionals.

Exercise Design:

This VTTX is designed to engage the participants in a no-fault, hazard-specific exercise discussion. Facilitation will occur online from the EMI and will need to be complemented by a dedicated local agency facilitator at each participating site. The participating location must provide a person capable of facilitating the onsite portion of this discussion-based exercise.

The VTTX will be supported by an Exercise and Coordination Facilitation Guide, which will include all required logistical information (room layout, connection instructions, etc.), as well as facilitation and hot wash instructions.

The VTTX will consist of:

- Two to three discussion modules
- Local discussion with guided questions led by an onsite facilitator
- Back-briefs from each participating location after each module
- 10–15 participating locations (agencies) per broadcast

How to Apply:

Locations interested in participating in the VTTX series should submit an email request to participate in the exercise to the Integrated Emergency Management Branch or call (301) 447-1381; email: fema-emi-iemb@fema.dhs.gov and Douglas Kahn, douglas.kahn@fema.dhs.gov, phone (301) 447-7645, with your preferred date of participation. When applying, please provide a central point of contact from your organization to work all VTTX issues. Upon receipt from EMI, the central POC will be contacted with the approved participation date.

Two weeks prior to the exercise, exercise materials (Exercise and Coordination Facilitation Guide, Situation Manual, agenda, etc.) and NETC admissions information will be forwarded to the POC, who will be responsible for forwarding these materials to the participants.

Notice to Applicants for EMI Courses:

Individuals applying for EMI classes will be required to register using the FEMA Student Identification (SID) number.
