Emittsburg, MD-February 27, 2017 -- Emergency Managers from across the nation participate in day one of E0110 National Emergency Management Basic Academy Train-the-Trainer Course. The first day of the Train-the-Trainer is devoted to course delivery strategy, logistics, demonstrations, and adult learning methods.

**Prerequisites**
You must have at least five years' background in emergency management and three years' experience training adults. Completion of the E/L0101 Foundations of Emergency Management course is highly recommended. Below are additional requirements:

- IS-100.b. Introduction to the Incident Command System, ICS 100
- IS-700.a. National Incident Management System (NIMS), An Introduction
- Resume and transcripts of above courses.

**Selection Process and Criteria**
Application required, Instructions located at: https://training.fema.gov/empp/e0110.aspx

**Application Process**
Submit a General Admissions Application, FEMA Form 119-25-1, Resume and Transcripts. Submit the application through the State Emergency Management Training Office.

For more information, visit the EMPP website at https://training.fema.gov/empp/e0110.aspx
The Federal Emergency Management Agency (FEMA) recognizes the need to tie training programs to an established set of emergency management competencies and to a career development program through a progressive training and education system that includes the Basic Academy. The Emergency Management Institute (EMI) is offering the opportunity to students who are experienced in emergency management and adult training to take a step toward becoming qualified as an instructor for the Basic Academy courses.

The Basic Academy Train-the-Trainer consists of two days of discussions about course objectives, how to set up and facilitate the class, time management, and other general topics. The last three days consist of student teach backs that summarize portions of the Basic Academy course subject matter and describe activities and exercises with time for critique and questions.

All topic areas in the Basic Academy courses are covered in the Train-the-Trainer to support a training experience that combines knowledge of all fundamental systems, concepts, and practices of cutting-edge emergency management. The Academy provides shared classrooms of adult learners and skillful instructors resulting in a solid foundation upon which to build further studies and sound decisions.

**Target Audience**
This course is intended for individuals experienced in emergency management and instructing emergency management to adults.

**Selection Criteria**
This course is intended for those emergency managers and trainers from Federal, state, local, tribal, and territorial emergency management agencies who have extensive background in emergency management and experience in training adults.

- Minimum five (5) years’ experience in emergency management (recommended to be current practitioners).
- Proven and proficient capability to deliver and facilitate training (EMI resume/recommendation review).
- Demonstrated knowledge of the fundamental systems, concepts, and current practices in emergency management.
- Resume detailing responsibilities, authority and length of time in profession.
- Effectiveness teaching emergency management to adults.

**Course Goal:**
Upon completion of this course, students will possess the skills necessary to set up and facilitate an offering of the Basic Academy courses.

**Key Topics**
- History of Emergency Management
- Five Mission Areas and Core Capabilities
- Legal Issues and Implications
- Intergovernmental and Interagency Context
- Whole Community Concepts
- Preparedness, Planning, and Exercises
- Collaboration and Team Building
- Ethical Decision-making
- Managing Stress
- Science and Technology in Emergency Management
- Public Information and Emergency Communications
- Future of Emergency Management
