The professional reading list is designed to encourage continual learning by career emergency managers.

The professional reading list supports the FEMA Strategic Plan with Creating a Culture of Preparedness by contributing to the ongoing professional development needs of the emergency management community. The list also serves to create a body of knowledge that allows emergency managers to enhance the knowledge, skills, and abilities required to meet the challenges of a dynamic and complex emergency management environment.

The Book-of-the-Month Club serves to enhance the professional development of emergency managers through the analysis and discussion of topics relevant to the practice of contemporary emergency management. Continual learning through the Book-of-the-Month Club helps emergency managers share practical experiences with each other that can help them do their jobs better and add value to their organizations. The virtual Book-of-the-Month Club provides a forum for facilitated discussions by participants that creates a body of knowledge for addressing the contemporary emergency management environment.
