Event Details

Register early, as the symposium has a maximum capacity of 300 attendees. The Higher Education website, <https://training.fema.gov/hiedu/educonference19.aspx>, provides all of the details needed to attend and present at the symposium including the application, draft agenda, workshop information, how to become a student volunteer, information for moderators and all other logistical information. All applications require a Student Identification (SID) number. Instructions to obtain a SID can also be found on the symposium page.

International Applicants

The symposium offers an opportunity to network with other academics, gain exposure to successful programs and research, and learn about new resources and approaches. International partners are an essential part of the whole community, and add immense value to the dialogue.

All non-U.S. citizens attending the symposium must have a security clearance conducted and completed before they are accepted. A security clearance takes 8-12 weeks to complete. **International applications are due by February 15, 2019.** Applications received after this date will not be accepted.
