

Central Texas College – Homeland Security and Emergency Management Program

This program is designed for individuals interested in beginning a career in the field of homeland security and emergency management and additionally for those currently in an emergency response profession seeking to update or broaden their skills. The Associate of Applied Science degree and certificates will prepare students for real-world decision making and problem solving skills which will allow them to be valuable assets to any organization they serve. Courses focus on educating students on how to implement and coordinate resources necessary for preparedness, mitigation, response and recovery from disasters and threats to our nation's security.
