

**Enter College/University Name - Official Program Title**

Northeastern State University - Bachelor of Science in Homeland Security

**Enter a Brief Program Description:**

NSU's Homeland Security and Emergency Management Program is built on the existing body of knowledge in homeland security and emergency management as well as current and developing research, with an emphasis on lessening the impacts of disasters on our most vulnerable citizens.

Our program uses an interdisciplinary approach, preparing students with the knowledge, skills, and abilities to leverage and coordinate the full range of capacity and resources to improve outcomes in a disaster - whether natural or human-caused. The program offers students knowledge specific to different types and causes of disasters, lessons from past disasters, and both comprehensive and hazard-specific practices that lead to effective mitigation, prevention, preparedness, response, and recovery.

The Homeland Security program is the only bachelor's degree program in homeland security and emergency management in the state of Oklahoma.
