Barton Community College, Grandview Plaza - Certificate in Emergency Management and Homeland Security

Emergency managers are professionals that provide leadership and management skills during disasters. They provide leadership and guidance during all phases of the disaster (mitigation, preparedness, response, and recovery). They are employed by the government at the city, county, state and federal levels as well as by business and industry. A large percentage of these professionals serve as part time emergency managers with their full time position being law enforcement (city, county or state), emergency medical services, or fire chiefs. Many of these professionals lack formal education and training in this field. This 1-year program is designed to provide training and formal education for those entering the emergency management field as well as those currently in the field who require additional training and education.

Written / Oral Communications

ENGL 1204: English Composition I - 3 credit(s)
OR ENGL 1205: Technical & Report Writing - 3 credit(s)

Natural Science and Mathematics

MATH 1806: Technical Mathematics - 3 credit(s)
OR MATH 1824: Intermediate Algebra - 3 credit(s)
OR MATH 1828: College Algebra - 3 credit(s)

Computer Technology

BSTC 1036: Computer Concepts & Applications - 3 credit(s)
OR BSTC 1001: Introduction to Computers - 3 credit(s)
OR BSTC 1023: Data Base Management - 3 credit(s)
OR BSTC 1685: Spreadsheet Applications - 3 credit(s)
OR OFTC 1696: Word Processing Applications - 3 credit(s)

Requirements

EMHS 1900: Emergency Planning - 3 credit(s)
EMHS 1905: Developing & Managing Vol Resources - 3 credit(s)
EMHS 1906: Exercise Design, Mgmt & Evaluation - 3 credit(s)
EMHS 1952: Basic Incident Command System/NIMS - 3 credit(s)
EMHS 1963: Introduction to Emergency Management - 3 credit(s)
HZMT 1950: Characteristics of Hazardous Materials - 3 credit(s)

Electives

Any: Any HZMT/EMHS/OSHA course - 6 credit(s)

Barton Community College is a member of the Higher Learning Commission and is a member of the North Central Association of Secondary Schools and Colleges.
Core Capabilities

Community Resilience
Environmental Response / Health and Safety
Long-term Vulnerability Reduction
Operational Coordination
Planning
Public Information and Warning
Risk and Disaster Resilience Assessment
Situational Assessment
Threats and Hazards Identification

Core Competencies

Disaster Risk Management
Operate within the EM Framework, Principles, and Body of Knowledge
Possess Critical Thinking
Value Continual Learning
