

Colorado State University - Global Campus - Emergency Management Specialization

Colorado State University-Global Campus, a 100% online public university, offers an Emergency Management Specialization. The Emergency Management Specialization provides students the opportunity to apply and analyze theories, concepts, and practical applications associated with emergency management for emergency and disaster planning. The program focuses the learner on the foundations of emergency management, and exposes students to hazard mitigation, disaster response, disaster recovery, and comprehensive emergency planning.

The Emergency Management Specialization can be taken as part of various bachelor's degrees (most popular combination includes Organizational Leadership, Criminal Justice and Law Enforcement Administration, or Public Management) or the classes can be completed separately as a Certificate of Completion.

Curriculum:

EMG300 Foundations of Emergency Management (3 credits)
EMG325 Hazard Mitigation (3 credits)
EMG375 Disaster Response (3 credits)
EMG400 Disaster Recovery (3 credits)
EMG450 Comprehensive Emergency Planning (3 credits)

Total Credit Hours: 15

Colorado State University – Global Campus is accredited by The Higher Learning Commission of the North Central Association of Colleges and Schools.
