

Colorado Technical University – Doctor of Management – Homeland Security

The Doctor of Management (DM) at Colorado Technical University is the terminal degree for management professionals. The program prepares students to think and act strategically and enhance their abilities to make positive contributions in their chosen area of management expertise.

The Doctor of Management with a concentration in Homeland Security (DM-HLS) is designed to encourage the development of high-level expertise and strategic analysis and thinking in homeland security. The program will foster the development of policy leadership and academic expertise in this emerging field.
