

## **Community College of Rhode Island- Associate in Science Degree in Emergency Management/ Homeland Security**

The Emergency Management/ Homeland Security Program is designed to empower students with the basic knowledge of the field of emergency management and homeland security. The program is a well-rounded balance of core courses and general education requirements that serve the diverse needs of these fields. This will enable students to serve their communities by coordinating and integrating all activities necessary to build, sustain, and improve the capability to mitigate against, prepare for, respond to, and recover from threatened or actual natural disasters, acts of terrorism, or other human-caused disasters.
