East Carolina University – Online Graduate Certificate in Security Studies

The Security Studies programs at ECU are focused on achieving the University’s missions. It is our goal to educate students and prepare them to compete for careers that will further their own success as well as contribute to the well-being of our society. We do this through:

* Offering our graduate programs in a distance education format.

* Preparing our students at all levels to confront and overcome security-related challenges. Our programs treat security issues as spanning government from local to national and international. Responding to security issues requires an understanding of the global and multicultural contexts in which they are found.

* Learning about the many different disciplines that are involved in identifying and solving security problems. The Security Studies programs draw classes from 15 different disciplines within 3 colleges.
