

Neumann University – Bachelor of Science in Public Safety Administration

Neumann University's Bachelor of Science in Public Safety Administration is an accelerated, online undergraduate degree completion program for adults currently working in the Fire, Law Enforcement, and Emergency Management Services fields. The B.S. in Public Safety Administration provides foundational knowledge of this unique administrative environment with specific emphasis on the skills needed to meet the challenges in public safety structures. The program enhances administrative and leadership competencies, designed to help students advance in their current careers, or to prepare for their next career adventure. As part of this program, students will complete in-depth experientially-based research projects related to a variety of public safety administration situations to foster an understanding of how challenges and opportunities develop, and what is needed to effectively address real-world issues in these environments.

Program features:

- Can be completed in 20 months
- Accelerated and fully online
- No set log-in times
- Perfect for shift work
- Faculty are working professionals
- Transfer in up to 90 credits
- Credit review for professional training

Required Courses (30 Credits):
