

Tel Aviv University, Ramat Aviv, - Summer Short Term Programs

The Summer Institute of Advanced Epidemiology and Preventive Medicine at Tel Aviv University School of Public Health provides a unique platform for collaboration among physicians, public health officials, scholars, and students from around the world to study and discuss topics of disease and medicine, emergency and disaster management.

The intensive courses are taught in English by world-renowned faculty from Johns Hopkins University (JHU), Tel Aviv University (TAU), Harvard University (HU), University of British Columbia (UBC), University of Maryland, Baltimore (UMB), Northwestern University (NU), London School of Hygiene & Tropical Medicine (LSHTM), World Health Organization (WHO), United States Centers for Disease Control and Prevention (CDC), and other academic and research institutions.

Courses Length:

Each course one week (26 academic hours)

Class: Sun-Thur & Final Exam: Friday or

Mon-Thur & final paper/take home exam

Credits: Each course is worth 2 academic credits/4 ECTS, unless indicated otherwise. Courses may be taken credit or non-credit.

Housing: A limited number of on-campus guest rooms is available.

Students can build their own curriculum with as many courses as they are interested in out of eight courses available in the program.
