

Trident University International - Master of Science in Emergency and Disaster Management - Homeland Security

Each year, people across the world are confronted by disasters. As can be witnessed by world events, the ability of a nation, state or community to plan for and respond to emergencies and disasters is essential in mitigating the potentially catastrophic consequences of natural and man-made disasters. The Master of Science in Emergency and Disaster Management (MSEDM) is designed for both military and civilian students with experience responding to national and global humanitarian crises, terrorist-based events and natural disasters. This program provides graduates with the skills to succeed in emergency and disaster professions in the military, federal, state and local government, and industry.
