Union Institute and University - Bachelor of Science in Emergency Services Management

Union Institute & University’s Bachelor of Science in Emergency Services Management prepares graduates to effectively handle a variety of dangerous situations, with a focus on emergency and disaster management, homeland security, and critical incident management and to respond appropriately within federal, state, and local organizations and agencies before, during, and after emergencies or disasters strike. Graduates will be able to solve administrative problems, fine-tune strategic plans, enhance human resource potential, increase productivity, and address internal organizational issues.

Course Requirements:

The Bachelor of Science in Emergency Services Management requires a minimum of 120 hours. Core courses include Critical Incident Management and Response; Fiscal Management for Emergency Services Administrations; Emergency Services Administration; Legal, Economic, and Ethical Issues in Emergency Services, and Homeland Security.

Union Institute & University is accredited by the Higher Learning Commission.
