University of Denver, University College – Graduate Certificates in Organizational Security, Emergency Planning and Response, and Information Security

The University of Denver, University College is offering a 6 course Graduate Certificate in any of the following specialties: Organizational Security, Emergency Planning and Response, and Information Security. The Graduate Certificates can be earned entirely online. Today’s security positions are more complex than ever, requiring leadership and management of security operations addressing personnel, property, facility, information, and business continuity security. Graduates of the Certificate program will be able to:

- Lead the strategic, planning and management efforts of private and public sector organization
- Evaluate and analyze emerging security issues, regulations, and threats
- Analyze financial implications of security program and options
- Protect vital assets such as people, physical structures and equipment, intellectual property, information and maintain post-incident continuity of operations.

Graduate certificates allow professionals to add a powerful skill set to their capabilities in one year by completing 24 credit hours (6 courses). Credits earned as part of a graduate certificate can be applied toward the completion of a University College master’s degree.
