

## **University of Findlay, Findlay - Masters Certificate in Emergency and Disaster Management**

The University of Findlay offers a Masters Certificate in Emergency and Disaster Management. The certificate program is designed to provide a professional education in a specialized area for emergency, environmental, safety and security managers in industry and the public sector. The program is intended for corporate emergency managers, corporate employees who interact with state and local agencies during an emergency, risk managers, loss control managers, safety managers, security managers, city, county and state emergency managers and those serving in the capacity as a member of a Threat Management or Crisis Management Team.

Students must successfully complete 15 semester hours to earn a Certificate in Emergency and Disaster Management.
