

## **Utah Valley University - Bachelor of Science in Emergency Services Administration- Emergency Management**

Utah Valley University, Department of Emergency Services is offering a Bachelor of Science in Emergency Services Administration-Emergency Management. The program is designed for and delivered to current and aspiring emergency managers and emergency service/public safety leaders. The courses encompass the study of emergency management theory as well as real-world applications of knowledge measured in projects and an in-depth capstone. Course work is relevant to today's world and the threats faced by communities across the country. The Bachelor of Science in Emergency Services Administration-Emergency Management is an online program. Students must complete 120 credits to graduate.
