Wilmington University – Master’s in Homeland Security

Earn a homeland security degree that's relevant to your career. Gain hands-on field experience in security preparedness and work under the direction of faculty who are experienced professionals.

Homeland security plays an ever-growing role in the protection and operation of our government, businesses, and lives. This fast-paced and constantly changing field has grown to encompass much more than simply "security." Military and law enforcement agencies come together with other disciplines such as risk management, public safety, and information security to protect the human, financial and physical resources that define our way of life. With a Wilmington University homeland security degree, you'll learn the skills needed to make an impact -- and you'll do it in a way that fits your life.

The Master's in Homeland Security requires completion of 33 credits.

Required Core Courses:

- MHS 7000  Contemporary Issues in Homeland Security
