

The Effective Decision Model of Public Involvement

1	2	3	4	5	6	7
What are the quality requirements?	Do I have sufficient information?	Is the problem structured?	Is public acceptance necessary for implementation and unlikely without involvement?	Who is the public?	Does the relevant public agree with the agency's goals?	Is the conflict on the preferred solution likely within the relevant public?

Key	
A1	= Autonomous managerial decision
A11	= Modified autonomous managerial decision
C1	= Segmented public consultation
C11	= Unitary public consultation
G11	= Public decision
