

FEMA- Emergency Management Institute Higher Education Program & National Training Liaison

Presents Teaching with Cases Webinar Series

“Webinar #3: EM Teaching with Cases Series”

February 8, 2017

3:00 p.m. – 4:30 p.m. EST

Description:

This webinar series provides an overview of the use of cases in teaching emergency management higher education programs.

The third webinar in the *Emergency Management Teaching with Cases* series will focus on teaching considerations, and will examine preparing to teach a case; important instructor functions and techniques associated with case teaching; and, typical problems and “fixes.” You will come away from this session with an appreciation for many of the fundamentals needed for effective use of the case method. **For this next webinar, we are looking for several volunteers who would be interested in offering a case example** to help us illustrate these important aspects of preparation and “running” a case. Please contact Jane (jkushma@jsu.edu) or Jean (Jean.Slick@RoyalRoads.ca) prior to the webinar if you would like to volunteer.

Presenters:

- Jane Kushma, Ph.D., Professor, Department of Emergency Management, Jacksonville State University
- Jean Slick, Ph.D., Associate Professor, Disaster and Emergency Management Program, Royal Roads University
- Wendy Walsh, Higher Education Program Manager, Moderator

Additional webinars in the series to be offered in 2017:

- Webinar #4: Using Cases for Their Intrinsic Value
Wednesday 8 March @ 3 PM EST
