

HIGHER EDUCATION PROGRAM

NATIONAL EMERGENCY TRAINING CENTER • EMMITSBURG, MD
NATIONAL TRAINING AND EDUCATION DIVISION / NATIONAL TRAINING AND EDUCATION SYSTEM

FEMA

National Training and Education System Higher Education Program *Presents*

*“Highlights from the 21st Annual EM Higher Education Symposium and the
44th Annual Natural Hazards Research and Applications Workshop”*

July 23, 2019

2:00 – 3:30 p.m. EDT

Description:

The Higher Education Program is hosting an interactive webinar to provide highlights and offer a space for continuing dialogue from the 21st Annual Higher Education Symposium, June 3-6, 2019 and the 44th Annual Natural Hazards Workshop, July 14 -17, 2019. The Hi Ed Symposium theme *Diversity, Inclusion and Unity of Effort* and the Natural Hazards Workshop theme *Convergence* both require the crossing of boundaries, whether they be disciplinary, organizational, geographic, cultural, political, or otherwise. Presentations will be provided by the Higher Education Program Manager, Natural Hazards Center staff, and presenters, moderators, and participants from both of this year’s events. If you have a story or highlight you would like to share during this webinar contact Jolie Breeden at jolie.breeden@colorado.edu or Wendy Walsh at Wendy.Walsh@fema.dhs.gov.

Presenters:

- Jolie Breeden - Lead Editor and Science Communicator, Natural Hazards Center
- Wendy Walsh – FEMA Higher Education Program Manager
