The Independent Study Program

General Information

The Emergency Management Institute's (EMI) Curriculum Management Branch offers the Independent Study Program (ISP). This is a distance learning program which offers training, free of charge, to the nation's emergency management network and the general public. It serves as both an alternative means to deliver valuable training to the professional and volunteer emergency management community as well as an opportunity to improve public awareness and promote disaster preparedness nationally.

The Independent Study Program currently offers over 200 training courses via our training website: <https://training.fema.gov/is/>

In Addition...

Students are able to obtain continuing education units for all ISP courses. ISP also offers college credit for many of the courses through an agreement with Frederick Community College in Maryland. Students who successfully complete courses can also request student transcripts be provided to institutions to assist students in obtaining continuing education units and/or to military institutions for military personnel to earn retirement points.

In addition, the program offers a customer support center to assist students. The customer support center can be reached through email at Independent.Study@fema.dhs.gov or telephone at 301-447-1200. The hours of operation are Monday through Friday, 8:00am–6:00pm ET.
