

## K0210 Recovery from Disaster: Local Community Roles (Virtual)

### Course Dates:

March 22–26, 2021: 12:30–6:00 p.m. EST  
May 17–21, 2021: 8:00 a.m.–1:30 p.m. EST

### Platform for Virtual Delivery:

Zoom

### Course Length:

This course is five 5.5-hour days (see dates and times above for various times to accommodate different parts of the country).

### System Requirements:

- Internet connection – broadband wired or wireless (3G or 4G/LTE)
- Speakers and a microphone – built-in or USB plug-in or wireless Bluetooth
- A webcam or HD webcam - built-in or USB plug-in

### Course Description:

This course addresses newly updated content about concepts in disaster recovery and the latest guidance on recovery planning. Participants will either assess their own recovery plan or a sample against this national planning guidance. Following that, participants will discuss how a disaster recovery effort can be organized, managed, and led along with the types of challenges faced by recovery managers. Case study activities throughout the course give participants the opportunity to target information strategies, address local capabilities and challenges, and analyze experiences from various communities that have experienced disaster.

### Course Goals:

1. Increase participants' knowledge of local government responsibilities and challenges associated with disaster recovery.
2. Prepare participants to analyze the need for, develop, revise, and/or implement a pre-disaster recovery plan.
3. Provide a forum for discussion of "lessons learned" in disaster recovery at the local level.

### Recommended Prerequisites:
