

2023 Higher Education Research Funding

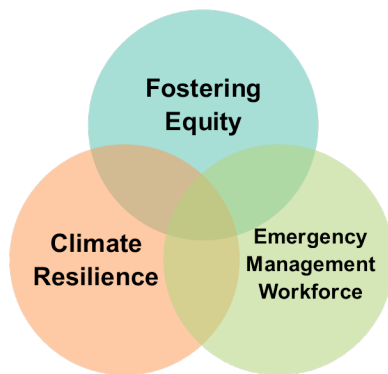

Request for Proposals

Open: February 21–April 3, 2023

NTED's Higher Education (HiEd) Program will fund competitive multidisciplinary applied research proposals that examine real world complex problems and provide actionable recommendations to advance the discipline of emergency management.

Focus Areas

Proposals must fall under one or more of the following focus areas:

Particular consideration will be paid towards projects that analyze communities' use of future conditions data and/or measuring loss avoidance and the efficacy of risk reductions.

Questions/Contact

For more information, contact the NTED HiEd Program: fema-hied@fema.dhs.gov

Proposal Criteria

Proposals are due to the HiEd Program by midnight Eastern Time on April 3, 2023. Email: fema-hiedproposals@fema.dhs.gov

All projects should be scoped for 3-9 months and address one or more of the focus areas.

Proposals must follow the [Proposal Submission Template](#), located on the HiEd website (https://training.fema.gov/hiedu/docs/hiedresearch/hied_research_proposal_template.pdf?v=20230222).
